Program Updates

Book Clubs

We had a wonderful response to the Book Club order forms in March! Please look over the April order forms and remember that summer is coming, continuing to read with your child over summer will help them when they return to school in the fall. This is a perfect time to start collecting summer reading materials!

Campbell's Soup Labels & Box Tops for Education

Students, friends and families have been continually sending in Labels and Box Tops; thanks! Everyone has been doing a great job and the students of New Story appreciate it!

Talent Show

The students will begin practicing for the Talent Show this month. Everyone is getting excited, it's sure to be a wonderful event for all!

Block Students

The first group of block students from Clarion University will be leaving us this week. They have all done a great job and we will miss them.

The next group of block students will begin April 12th and stay with us until the end of the year.

Events/Holidays

March had come in like a lion and out like a lamb leaving us a beautiful spring break to enjoy Easter with our families.

April is Autism Awareness month. All month long the staff of New Story will be participating in different awareness activities to create a community education- if you have any questions on how you can participate, please call and ask! New Story locations are a part of the **Blue Light Campaign** to show support to our local Autism Network. A light bulb can be purchased for \$3.00 from New Story staff in the month of April.

Arbor and Earth Day are both at the end of the month. Traditionally the teachers of New Story have taken the students outside to plant different items to help our earth. The middle school students are already participating in a recycling program!

Field Trips

This month we are hoping to take a trip to the Brookville Wood Products Bat Factory! It should be a fun filled trip for all the students. We will be sending home details of this trip soon.
